

lynda.com Log on information

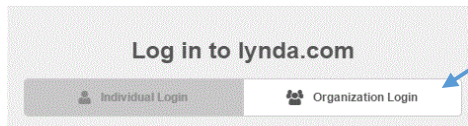

Students, Faculty / Staff

Jan 2016

Many people are wanting to do some training on lynda.com but seem to be having some difficulty signing into the website. Here are the procedures that we recommend at this time.

Open a browser and in the address line type lynda.com. In the top right corner you'll see the words "Log in" so please click there.

In order for the website to know that you are associated with the **Shoreline Community College** account, we are finding that it is best that you:

1) Click on the "**Organization**" tab BEFORE you just try to log in.

2) Then log in with your full Shoreline.edu email and password.

** PLEASE NOTE

*The site says you can log on "either this way OR that". But we are finding that making sure to put in the **Organization first** helps link the authentication to our school credentials.*

Also not all browsers are the same so the layout may look different. Just be sure to look for something similar to the image below:

Or, enter your organization's URL to log in through their portal:

Type: www.shoreline.edu →

[Not sure how to log in?](#)

Again, 2 steps after clicking the log in tab . . .

- 1) Type the organization in first (**www.shoreline.edu**).
- 2) Then log in with your full shoreline.edu email and password.
 - a. Students use: *user name@go.shoreline.edu*
 - b. Faculty / Staff: *user name@shoreline.edu*
