EMPLOYMENT

BARGAINING AGENT

The Washington Federation of State Employees Higher Education (WFSE-HE) is the exclusive negotiating representative for all Shoreline Community College classified employees. Each new employee will receive a copy of the current collective bargaining agreement. As a condition of employment, all employees must either become a dues paying member of the union or pay a non member fee within 30 days of employment. Failure to do so may result in termination. As a represented employee you should become familiar with the contract as you are subject to the terms and conditions of the agreement.

If you would like more information about the benefits of WFSE-HE membership, please contact one of your campus shop stewards or <http://www.wfse.org>

WORK SCHEDULE

The regular work schedule for Shoreline Community College is Monday - Thursday, 8:00 a.m. to 5:00 p.m., and Friday 8:00 a.m. to 4:30 p.m. Full-time employees are generally scheduled to work 8 hours per day (exclusive of lunchtime) for 5 consecutive days, during a 7-day work week. Work schedules are determined by your supervisor. However alternate schedules may be established based upon department needs. For part-time employees, the schedule may be fewer than 8 hours per day and fewer than 5 days of work during a work week.

During emergency response situations (for example, fire, natural disaster, adverse weather conditions, etc.) employees may be assigned a different schedule for a temporary period of time.

REST PERIODS/BREAKS

Washington State law provides that for each 4 hours of time worked; an employee is entitled to not less than a 10-minute paid break. Shoreline allows employees a **15-minute paid rest period** for each 4 hours worked during their shift. Employees are advised to arrange breaks with their supervisor so as not to interrupt the flow of department operations. Rest periods may not be used for late arrival or early departure from work and rest/meal periods will not be combined.

LUNCH TIME

Employees are allowed a meal period of thirty (30) – sixty (60) minutes, as determined by their supervisor. This meal period is unpaid time and the employee is not considered actively on duty during that time. Employees must arrange lunch breaks with their supervisor so as not to interrupt the flow of department operations. Meal periods may not be used for late arrival or early departure from work and meal/rest periods will not be combined.

OVERTIME

There may be occasions when an employee is asked to work additional time beyond the regular work schedule. Overtime is defined as time that an eligible employee works in excess of forty (40) hours per workweek. Overtime work must be authorized in advance in writing by the supervisor.

Employees working overtime will be compensated at the rate of time and one half their regular rate of pay, including any shift differential. Compensatory time off for the overtime worked will be granted, at the request of the employee in lieu of monetary payment. Employees must use compensatory time prior to using vacation leave, unless this would result in the loss of their vacation leave. Additionally compensatory time must be used by June 30th of each year.

TIME & LEAVE REPORTING (TLR)

Time and Leaving Reporting (TLR) is an on-line system for reporting hours worked and leave taken during each pay period. TLR streamlines the process of reporting staff time, including the reporting of positive time, and the approval process for exceptions to employee work schedules. TLR was developed in compliance with the Fair Labor Standards Act (FLSA) which requires records be kept on total hours worked each workweek for employees in overtime eligible positions to determine when they are eligible to receive overtime compensation.

All overtime eligible classified employees of the College are required to document their hours worked each day during the semi-monthly pay period. You will be responsible for submitting your TLR on-line timesheet to your supervisor the first business day immediately following the end of each pay period.

User information and the TLR login site can be found at <https://www.shoreline.edu/tlreenter>. To login, you will be prompted to enter your system identification number (SID) and personal identification number (PIN). These numbers will be sent to you during the first few weeks of your employment. Questions regarding the TLR process can be discussed at any time with your direct supervisor.

PROBATIONARY PERIOD

Every employee, whether part-time or full-time, following his or her initial appointment to a permanent position, will serve a probationary/trial service period of at least six (6) consecutive months. The College may extend the probationary period for an individual employee or for all employees in a class as long as the extension does not cause the total period to exceed twelve (12) months. Employees will be provided with an explanation for the extension. Additionally, the College will extend an employee's probationary period, on a day-for-a-day basis, for any day(s) that the employee is on leave without pay or shared leave during their probationary period, except for leave taken for military service.

PERFORMANCE EVALUATIONS

The performance evaluation process gives supervisors an opportunity to discuss performance goals with their employees and assess and review their performance with regard to those goals. Supervisors can then provide support to employees in their professional development, so that skills and abilities can be aligned with college mission and goals. Normally, two evaluations are performed during the probationary/trial service period, the first at two (2) months, the second at five (5) months and then at least annually thereafter.

JOB TRANSFERS AND PROMOTIONAL OPPORTUNITIES

All classified employees of the college are welcome to apply for vacancies for which they meet the required skills and abilities. Internal classified employees will be given priority if they meet the required skills of the opening. To be considered for any open position applicants must meet the following criteria.

1. The employee holds permanent status in the job classification and the position is comparable or less than comparable;

2. The employee has demonstrated or has been assessed to have the position specific skills abilities and qualifications necessary to perform the duties of the position;
3. There are no disciplinary action(s) in his/her personnel file for the past twelve (12) months;
4. There is no pending disciplinary action or the employee is not under investigation into alleged misconduct;
5. The employee has not been granted previous internal seniority transfer within the past twelve (12) months
6. There are no current performance issues being addressed, as documented in the employees supervisory file or most recent performance evaluation;
7. The appointment will not create a violation of college/district policy;
8. It meets the needs of the work units.

All applications for Internal Transfer requests must be submitted to Human Resources within seven (7) days of the posting. By applying for an internal transfer for any open position at SCC, you are acknowledging that your current supervisor will be notified of your requested transfer. Classified vacancies are circulated to departments campus-wide, announced on the classified list serve, and posted to the Human Resources website. It is the employee's responsibility to refer to these announcements for notification of positions available, to contact the Human Resources and Employee Relations Office or visit the website at <http://www.shoreline.edu/hr> for necessary application materials and to return the required application materials to Human Resources and Employee Relations by the published closing date.

PERSONNEL FILE

Shoreline maintains an official personnel file for each employee, showing a record of employment and other pertinent information required for business and legal purposes, including, but not limited to personnel action forms, promotions, transfers, performance reviews, disciplinary action notices, education records and other documents related to an employee's work.

An employee may view his or her personnel file at any time. Written authorization from the employee is required before any representative of the employee will be granted access to the personnel file. Copies of any documents in the personnel file will be made available to an employee.

PROBLEM SOLVING/COMPLAINTS/GRIEVANCES

All employees are encouraged to communicate directly with their immediate supervisor if there is an issue or matter of concern. Generally, most problems or complaints can be resolved informally. In cases where informal channels do not result in a satisfactory solution, an employee may file a formal grievance as outlined in the Collective Bargaining Agreement, or if applicable, pursue the College's Universal Complaint Procedure when allegations of discrimination are part of the concerns. Retaliation against employees who make a workplace complaint will not be tolerated.

It is our belief that the success of this institution is dependent on both the skills and attitudes of its people. We encourage freedom of expression and different points of view. You are encouraged to speak with your supervisor on any matter related to your job. If your supervisor is unable to resolve a work-related problem for you, you may carry the matter to the next level of supervision or to the Director of Personnel for further review.

SENIORITY

Seniority for classified employees is defined as the employee's length of unbroken classified service. All time in excess of 15 days spent in leave without pay status will be deducted from the calculation of seniority, except when the leave without pay is taken for: military leave, compensable work-related injury or illness leave, governmental service leave, reducing the effects of layoff, cyclic employment leave, and/or formal contract negotiations in accordance with RCW 41.80. For the purposes of layoffs, a maximum of five (5) years' credit will be added to the seniority of permanent employees who are veterans or to their unmarried widows or widowers, as provided for in RCW 41.06.133 (13).

LAYOFF AND RECALL

Those persons who have been at step L for 6 consecutive years will advance to step M and receive a 2.5% increase. Individual employee pay rates and pay increases follow rules and guidelines established by the State. All individuals earning a salary that is equal to the state minimum wage will have their salaries adjusted each January in accordance with the State Minimum Wage Act.

Family members are defined as mother, father, stepmother, stepfather, sister, brother, mother-in-law, father-in-law, domestic partner's mother, domestic partner's father, spouse, domestic partner, grandparent, grandchild, son, daughter, stepchild, and a child in the custody of and residing in the home of an employee. In addition, sick leave may be used for the death of a family member per Article 12.2C. In addition, the employer may approve an employee's request to use compensatory time, vacation leave, personal holiday or leave without pay for the purposes of bereavement.

CHILD CARE EMERGENCY

Due to unexpected emergencies or special situations (such as unexpected absence of regular care provider, unexpected closure of child's school, or unexpected need to pick up at school earlier than normal), an employee may be suddenly required to leave work to care for his or her own child (defined as a child in the custody of and residing in the home of an employee). This type of absence is allowed without requiring pre-approval; however emergency care is limited up to a maximum of four days for each child per calendar year. In cases of emergency leave, an employee must first use any comp time on the books; if that is exhausted they may request to use vacation leave, sick leave, personal holiday or leave without pay.

FAMILY AND MEDICAL LEAVE

The Family and Medical Leave Act (FMLA) of 1993, entitles eligible employees to take up to twelve (12) workweeks of unpaid, job-protected leave and requires employers to grant an employee unpaid leave for one or more of the following reasons:

- For the birth and care of a newborn child of the employee;
- For placement with the employee of a son or daughter for adoption or foster care;
- To care for a spouse, son, daughter, parent, or state registered domestic partner with a serious health condition that requires on-site care or supervision by the employee.
- To take medical leave when the employee is unable to work because of a serious health condition.
- For qualifying exigencies arising out of the fact that the employee's spouse, son, daughter, or parent is on active duty or call to active duty status as a member of the National Guard or Reserves in support of a contingency operation.

A covered employer also must grant an eligible employee who is a spouse, son, daughter, parent, or next of kin of a current member of the Armed Forces, including a member of the National Guard or Reserves, with a serious injury or illness up to a total of 26 workweeks of unpaid leave during a "single 12-month period" to care for the service member.

For more detailed information on the Family and Medical Leave Act, please contact the Human Resources and Employee Relations Office.

PARENTAL AND PREGNANCY DISABILITY LEAVE

Parental leave will be granted to the employee for the purpose of bonding with his or her natural newborn, adoptive or foster child. Parental leave may be a combination of the employee's accrued vacation leave, sick leave for pregnancy disability or other qualifying events, personal holiday, compensatory time, or leave without pay. Parental leave may be taken on an intermittent or reduced schedule basis.

In addition to the Family and Medical Leave Act, Washington has its own state law entitled, the Washington State Family Leave Act (FLA). It builds on the existing similar benefits found in the federal Family and Medical Leave Act (FMLA) by providing additional benefits for women who are pregnant and to registered domestic partners. Women employees who take leave from work for pregnancy-related conditions or childbirth and who qualify for leave under the federal Family and Medical Leave Act are entitled to additional leave benefits under the Washington State Family Leave Act. Registered domestic partners who qualify for FMLA and FLA will be able to use their leave to care for a registered domestic partner who has a serious medical condition. For more information on the Family and Medical Leave Act and the Washington State Family Leave Act please contact the Human Resources and Employee Relations Office.

JURY DUTY LEAVE

If an employee is called to jury duty, he/she must notify the supervisor as soon as possible after the notice is received.

Leave of absence with pay will be granted to employees for jury duty. Employees will be allowed to retain any compensation paid to them for their jury duty service. A

copy of the jury summons must be sent to the Human Resources office if jury duty leave is taken. Employees whose work shift is other than a day shift will be considered to have worked a full work shift for each workday during the period of jury duty. If a day shift employee is released from jury duty and there are more than two (2) hours remaining on his or her work shift, the employee must call his or her supervisor and may be required to return to work.

LEAVE OF ABSENCE WITHOUT PAY

Leave without pay **will** be granted for the following reasons: Family and Medical Leave, compensable work-related injury or illness leave, military leave, cyclic employment, volunteer firefighting leave and domestic violence leave. Leave without pay **may** be granted for: educational leave, child or elder care emergencies, governmental service leave, citizen volunteer or community service leave, conditions applicable for leave with pay, union activities and formal collective bargaining leave. Requests for leave without pay must be submitted in writing. The employer will approve or deny leave without pay requests, in writing, within fourteen (14) calendar days when practicable and will include the reason for denial. All time spent in leave without pay status will be deducted from the calculation of seniority, except when the leave without pay is taken for: military leave, compensable work-related injury/illness leave, governmental service leave, reducing the effects of layoff, cyclic employment leave and/or formal contract negotiations in accordance with RCW 41.80. Any employee who is granted leave without pay for more than twelve (12) months in any consecutive five (5) year period for reasons not listed above will be considered to have resigned his or her position.

PERSONAL HOLIDAY

In addition to the previously mentioned state holidays, each employee is eligible to select one personal holiday during each calendar year. The personal holiday accrues every January 1st and may be used at any time during the year. The employee must give at least fourteen (14) calendar days' written notice to the supervisor, obtain supervisor's approval, and may only be used if the employee has been continuously employed for more than four (4) months. The pay for an employee's personal holiday is equivalent to the employee's work shift on the day selected for personal holiday absence. This holiday may not be split unless being donated in the shared leave program or used in accordance with the Family and Medical Act of 1993. The personal holiday is non-accumulative and must be used in the calendar year earned.

PERSONAL LEAVE DAY

An employee may choose one (1) workday as personal leave day each fiscal year during the life of the Agreement if the employee has been continuously employed by the college for more than four (4) months and has given at least 14 calendar days' notice. This holiday may not be split unless it is used in accordance with the Family and Medical Act of 1993. Personal leave may not be carried over from one fiscal year to the next. The pay for an employee's personal leave day is equivalent to the employee's work shift on the day selected for personal leave absence.

SHARED LEAVE

The College participates in the Washington State Shared Leave Program. This program allows, under certain conditions, employees who are suffering from an extraordinary or severe illness which has caused, or is likely to cause, the employee to take leave without pay or to terminate his/her employment, to receive donated leave from fellow state employees. Key elements of the program, procedures describing eligibility, exceptions to the process and forms to either donate or receive shared leave can be obtained from the Human Resources and Employee Relations Office or found under College Policy #4727.

ABSENCE DUE TO SUSPENDED OPERATIONS

Employees absent from work due to suspended operations (inclement weather, emergency conditions, etc) may report this absence as follows:

- Employees scheduled and not required to work during the disruption will have no loss in pay for the first day.
- Employees who are not required to work for the balance of the closure can report their leave as: vacation leave, personal holiday, accrued compensatory time, and leave without pay or employee-requested schedule changes in accordance with Article 15 of the Classified Contract.

Employees required to work during the disruption will receive one and one-half (1-1/2) times their regular pay for work performed during the period of suspended operations.

SICK LEAVE

Full-time classified employees shall accrue eight (8) hours of sick leave for each month of full-time classified service. Paid sick leave may not be used in advance of accrual; sick leave accruals for the prior calendar month will be credited and available for employee use the first of the next calendar month. Sick leave will not accrue for employees during leave without pay which exceeds ten (10) working days in a calendar month.

All employees working less than full-time schedules shall accrue sick leave on the same prorated basis that their appointment bears to a full-time schedule. Sick leave shall not accrue during a leave of absence without pay which exceeds ten working days during any calendar month.

SICK LEAVE USE – An employee may be paid for sick leave under the following conditions:

1. A personal illness, injury or medical disability that prevents the employee from performing his or her job, or personal medical or dental appointments.
2. Care of family members as required by the Family Care Act, WAC 296-130.
3. A death of any relative that requires the employee's absence from work. Relatives are defined for this purpose as spouse, significant other, domestic partner, son, daughter, grandchild, foster child, son-in-law, daughter-in-law, grandparent, parent, brother, sister, aunt, uncle, niece, nephew, first cousin, brother-in-law, sister-in-law and corresponding relatives of employee's spouse or significant other or domestic partner.
4. Childcare emergencies after the employee has exhausted all his or her accrued compensatory time. Use of sick leave for emergency childcare is limited to a maximum of four (4) days each per calendar year.
5. To care for a child under the age of eighteen (18) years with a health condition that requires treatment or supervision, or to make arrangements for extended care.

6. Illness or preventive health care appointments of relatives, significant others and domestic partners when the presence of the employee is required.

VACATION LEAVE

Vacation leave is available to a classified employee immediately starting employment. All vacation time must be requested by the employee in advance in accordance with the Collective Bargaining Agreement and the scheduled time off must have prior approval by the supervisor. The determination regarding approval of vacation leave shall rest with the supervisor, and will be considered on a first come, first served basis with consideration of workload demands. Vacation leave will be approved or denied within ten (10) calendar days of the request. Vacation leave may not be used in advance of its accrual; vacation leave accruals for the prior calendar month will be credited and available for employee use the first of the next calendar month. At the beginning of the leave max month, any vacation leave in excess of 240 hours will be lost. (For exceptions, please refer to the Classified Contract Article 11.13)

Vacation leave shall not accrue during a leave of absence without pay, which exceeds ten (10) working days in any calendar month, (nor shall credit be given toward the rate of vacation leave accrual except during military leave without pay). All employees working less than full-time schedules shall accrue vacation leave credit on the same prorated basis that their appointment bears to a full-time schedule.

Vacation for full time employees shall accrue at the following rates:

- During first and second year of continuous state employment - 14 days (9.20 hours per month)
- During third year of continuous state employment - 15 days (10 hours per month)
- During fourth year of continuous state employment - 16 days (10.40 hours per month)
- During fifth and sixth year of *total* state employment - 17 days (11.20 hours per month)
- During seventh, eighth, and ninth year of *total* state employment - 18 days (12 hours per month)
- During tenth, eleventh, twelfth, thirteenth and fourteenth year of *total* state employment - 20 days (13.20 hours per month)
- During fifteenth, sixteenth, seventeenth, eighteenth and nineteenth year of *total* state employment - 22 days (14.40 hours per month)
- During twentieth, twenty-first, twenty-second, twenty-third, and twenty-fourth year of *total* state employment - 24 days (16 hours per month)
- During the twenty-fifth year of *total* state employment - 25 days (16.40 hours per month)

WORKERS' COMPENSATION

The College contributes to the State Workers' Compensation Plan, which provides benefits for job-related injuries. Shoreline has established a return-to-work program for permanent state employees who are receiving worker's compensation for an on-the-job injury. The purpose of this program is to seek modified duty or light duty assignments for employees who are temporarily unable to return to their regular work until the time that they are released for full work duty. Please contact the Human Resources and Employee Relations Office for more detailed information.

ATTENDANCE INCENTIVE BUYBACK

Each January, eligible employees are allowed to “buy back” unused sick leave that accumulated during the previous year per Article 11.6, Sick Leave Annual Cash Out, of the current contract. Each eligible employee is responsible for notifying the HR office of their intent to buy back or not buy back their qualifying leave.

EDUCATION AND TRAINING

CLASSIFIED PROFESSIONAL DEVELOPMENT COMMITTEE

The Classified Training and Staff Development Program at Shoreline is intended to offer work-related job skills training and personal development opportunities for classified staff members. The program utilizes resources from the campus community as well as other appropriate sources. Group activities include instructional workshops and seminars, with individual funding available for class instruction, conferences and personal growth activities. The goal of the training and development program is to further promote employee performance and job satisfaction, as well as to promote growth and wellbeing. All permanent classified staff are eligible and encouraged to participate in training and development programs and activities. The extent of this program is dependent upon College budgetary constraints. Throughout the year, the Faculty Professional Development Program also invites classified staff to participate in a number of training and development activities.

STTACC

SERVICES

AUTOMOTIVE TRAINING CENTER

The following items are NOT eligible for the 15% staff discount: textbooks, computers and software, ink and toner cartridges, food and drink, and sale items.

COMMUTE TRIP REDUCTION

Consider the alternatives to driving to work alone. Try walking, biking, riding the bus, vanpooling, or carpooling with someone else. It will help reduce the growing problems of traffic congestion and air pollution in our region and the never ending rise of gas prices. It will also help Shoreline meet its Commute Trip Reduction (CTR) goals.

DENTAL HYGIENE

The Dental Hygiene Program invites you to take advantage of its low cost dental services, including teeth cleaning, radiographs and minor fillings. Services are available to children and adults, especially those who have not had their teeth cleaned for at least three to four years. For more information or to schedule an appointment, please call the Dental Hygiene Department at x4711.

EMPLOYEE ASSISTANCE PROGRAM

The College recognizes that from time to time employees may have personal difficulties that interfere with their work. Through Washington State Department of Personnel, staff and their family members have a FREE and CONFIDENTIAL advisory service to assess problems that impact job performance and provide appropriate advice and referral. This service is available to deal with marital and family matters, emotional problems, substance abuse, financial difficulties or other personal issues. Staff may contact the service directly at the Seattle Office: (206) 281-6315. All employees will be asked to complete a key request form that is signed by their department Director or Dean and then submitted to Security. The employee will be notified when the key(s) are ready for

pick-up (photo ID required). If a key is lost, please report this promptly, so that a new key can be issued. There will be a replacement fee of \$25. When an employee terminates employment, keys must be returned to Safety and Security.

Employees can park in "Employee Parking Only" and student lots. You cannot park in the following lots: Parent Child Center, Dental Hygiene, Motorpool or any other area with signs designating the parking space for a particular department, agency, etc. Please be aware that the towing policy of the College stipulates that cars blocking a fire hydrant, loading zone, or emergency vehicle access will be impounded off campus at the owner's expense.

The College's telephone system has Phone Mail for sending and receiving messages. Most extensions have a Phone Mail inbox. If your extension does not have an inbox and your supervisor determines you need one, please contact Technology Support Services x5872. If a Phone Mailbox is assigned, you will need to establish your own password to access the Phone Mail features. Training sessions are available to assist new employees.

Shoreline participates in a statewide long-distance calling system called SCAN. To make long distance calls, you must use a personal SCAN Authorization Number. All long distance calls are reviewed to assure they are for business purposes only. If your supervisor determines you will need a SCAN Authorization Number, they will need to submit a written request to Administrative services. A SCAN Authorization Number is usually assigned within 10 working days.
