Seniority for classified employees is defined as the employee's length of unbroken classified service. Time spent in leave-without-pay status at more than 15 consecutive calendar days will be deducted from the calculation of seniority except when leave without pay is taken for a) military leave, b) compensable work-related injury or illness, c) governmental service leave, d) reducing the effects of layoff, e) cyclic employment leave, f) temporary employment with the union in accordance with Article 40.9 and 40.11, and/or g) formal contract negotiations.

*\*Note that employees have fourteen (14) calendar days in which to appeal their seniority date to the Human Resources Office after which time the date will be presumed correct.*
